BACHELOR OF SCIENCE IN NURSING

Program Overview
St. Gregory’s nursing students grow in mind, body and spirit, becoming skilled nurses who provide exceptional, holistic care. The curriculum has an ethical focus based in Catholic theology and social teaching. Graduates are well prepared to care for the whole person – spiritually, emotionally, mentally and physically.

Seamlessly Transition into the Nursing Program
Students who attend St. Gregory’s for their general education and prerequisite courses and meet program standards may seamlessly transition into the nursing program their junior year! Program standards include maintaining the required grade point average and meeting clinical eligibility requirements, such as background checks, immunizations and a drug screening.

Diverse Clinical Experience
Students have varied nursing experiences in hospital, clinical and other health care settings. This well-rounded clinical experience will prepare graduates for employment in a variety of health care settings.

Key Hospital Partners
St. Anthony Hospital, Saint Francis Health System, St. John Medical Center and Mercy Hospital — Oklahoma’s four Catholic healthcare systems — are key partners in St. Gregory’s nursing program, supporting a program that preserves the dignity of the human person.

Currently there is NO waiting list for St. Gregory’s Catholic Nursing Program!
Pillars of the Nursing Program

THINK | Academic Preparation
Offering high quality instruction and individual attention in a student-centered learning environment

Students receive a liberal arts, ethics-focused education with an emphasis on critical thinking, problem solving and servant leadership. All science courses include laboratory experiences and expert faculty to guide students.

DO | Skill Development
Preparing graduates to provide extraordinary care and collaborate as full partners in the healthcare team

Skills and simulation practice is embedded throughout the curriculum and designed to connect classroom content to practical application.

LOVE | Spiritual Formation
Encouraging students to grow holistically in mind, body and spirit so they can care fully for their patients, as well as for themselves

Character development is a critical part of preparing professional, caring nurses. Ethics, cultural diversity, holism and leadership have been woven throughout all the courses.

Personalized Attention
From the time you apply until you graduate, you receive customized, personalized attention and guidance. Our caring staff will assist you through the admissions, financial aid and registration process. An academic advisor in nursing will mentor you throughout the program. All clinical courses have a low instructor to student ratio to enrich student learning.

Financial Aid Options

Federal Financial Assistance
Complete the Free Application for Federal Student Aid (FAFSA) application at www.fafsa.ed.gov. St. Gregory’s institution number is 003183.
